

PRE-PRINTED COVID-19 DISPLAY MATERIAL

SOCIAL DISTANCING

**FOR YOUR SAFETY AND MINE,
PLEASE KEEP A SAFE DISTANCE**

COVID-19 can spread from person to person through small respiratory droplets produced by the nose or mouth, which are spread when a person speaks, coughs or exhales. You can contract COVID-19 if you inhale these droplets. This is why it is important to keep a safe distance of 2 metres from other people.

CORONAVIRUS

Help prevent the spread of COVID-19

KEEP YOUR DISTANCE

Keep a safe distance of 2 metres away from other people.

WEAR A FACE MASK

Wear a face mask when out in public.

WASH YOUR HANDS

Wash your hands thoroughly with soap and water for at least 20 seconds.

USE A HAND SANITISER

If you do not have access to soap and water, use an alcohol-based hand sanitiser to disinfect your hands.

SHOWING SYMPTOMS

If you are showing symptoms of COVID-19, isolate yourself and call your physician. You can also call the **COVID-19 hotline 0800 029 999** or send "HI" to **060 012 3456** on whatsapp.

CORONAVIRUS COVID-19

Prevent the spread
As with any infectious disease, the best way to prevent it is to practice proper hygiene.

- Keep the workplace clean and hygienic.
- Promote regular and thorough hand washing.
- Wear a face mask.

Symptoms

- Sore Throat
- High Fever
- Dry Cough
- Shortness of Breath
- Shaking
- Chills
- Headaches

If you experience any symptoms, isolate yourself and contact your physician.

HAND WASHING

How to wash your hands properly

Wet your hands Apply soap Rub hands palm-to-palm

Scrub between your fingers Clean thumbs Clean under your fingernails

Wash your wrists Rinse your hands Dry with a single-use towel

Learn more on how to be SAFE - www.sacoronavirus.co.za
 COVID-19 hotline: 0800 029 999 or Whatsapp: [1* to 060 012 2456](https://www.whatsapp.com/channel/00299171000000000000)

WEARING MASKS

How to put a face mask on properly

Hold the mask by the ear loops and place a loop around each ear. Mould or pinch the stiff edge to the shape of your nose. Pull the bottom of the mask over your mouth and chin.

How to remove a face mask properly

Thoroughly wash your hands before and after touching your mask. Avoid touching the front of the mask. Only touch the ear loops. Hold both of the ear loops, gently lift and remove the mask.
