Competition Time!!

We want to hear your Back-2-School stories!

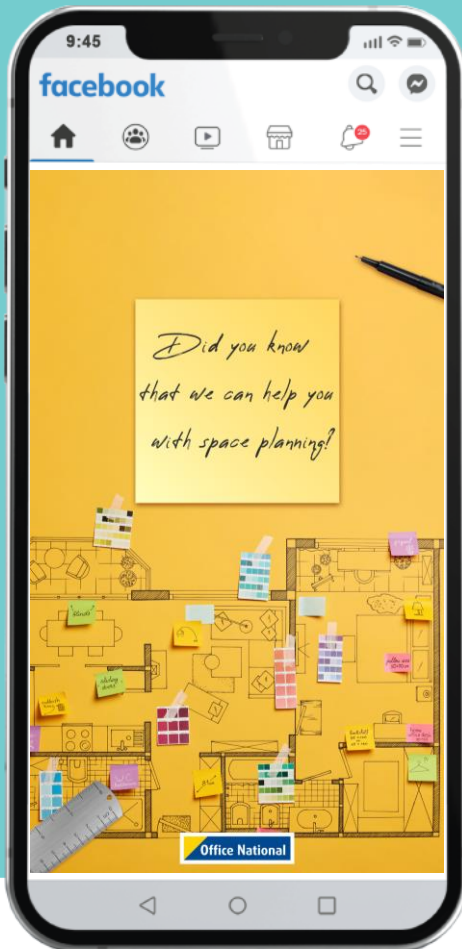

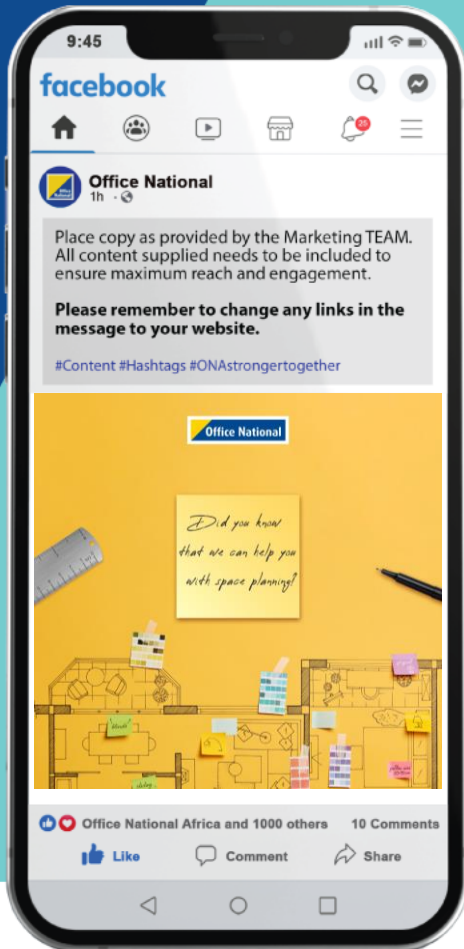

Tell us in the comments below how the first day went for your kiddies, what grade they are in, and what school they attend, and you could be the lucky winner of a Smart Kids Workbook set.

Smart Kids Workbooks develop key skills from the South African Curriculum, it features notes and tips for parents and will keep kids motivated with the fun and engaging content.

Message:

Space planning requires all the measurements of the office, not just the square meterage.

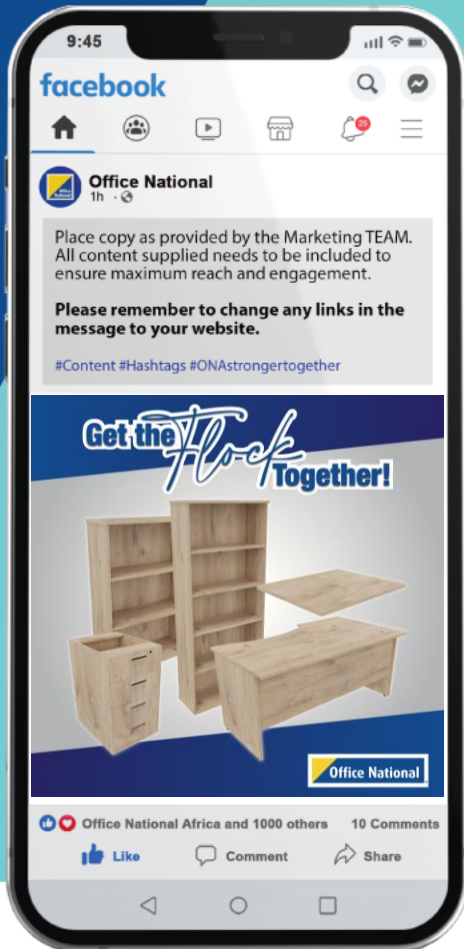

New technology has now unveiled laser distance measuring tools, but the good old measuring tape will do as well.

Contact us to assist you with your space planning: <https://bit.ly/3Ho3rfK>

Message:

Branded mats or logo mats are methods that businesses and retail establishments are using to market and promote their brands.

This can have a significant impact on your brand and should be considered an important addition to your marketing strategy.

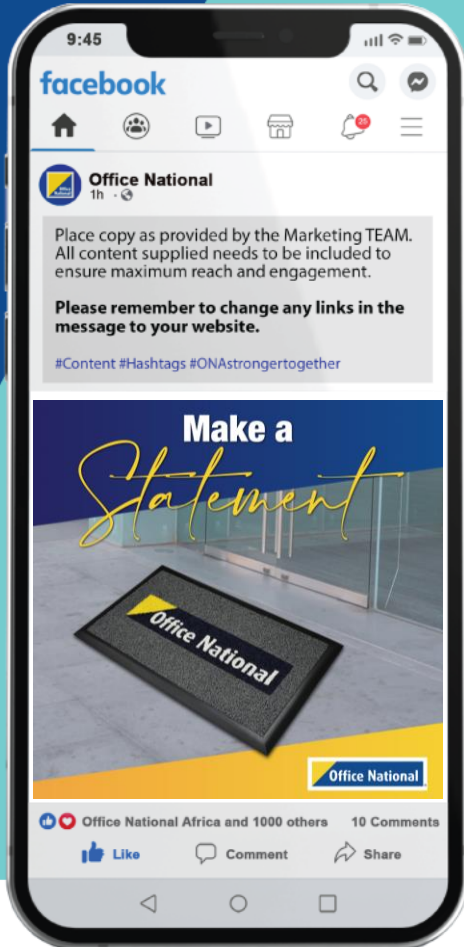

Logo entrance mats will increase brand recognition and leave a lasting impression on clients.
