

Laminator

Arc™ A4 Laminator

Home

Features:

- Ideal for use in Home environments.
- The Arc™ A4 Laminator has a heat-up time of just 4mins and when the machine is ready for laminating it is signalled by ready light.

Clear Path mechanism, and pouch reverse/release features prevents jams when used with Fellowes pouches

Powers down after periods of inactivity, reducing energy consumption

Laminates all pouches up to 80 microns

Specifications:
