

Laminator

Jupiter™ A3 Laminator – LX Design

Office

Features:

- Laminates an 80 micron pouch in approximately 19 seconds – that's around 30 pouches every 10 mins

Ready to laminate in as little as 30 – 60 seconds every time.

Powers down after periods of inactivity, reducing energy consumption

Laminates all pouches up to 250 microns

Clear Path mechanism, and pouch reverse/release features prevents jams when used with Fellowes pouches

Detects potential jams, stops laminating and allows user to reverse and realign the pouch

Detects pouch thickness and self-adjusts to the optimal laminating setting
