

# DISPLAY-0050

## Kepler Custom Covid-19 Pull-Up Banner

### Need to know:

- 1-Position, full colour logo and details
- Acceptable file types for logo: Jpeg (.jpeg - minimum 300dpi), PDF (.pdf)
- Convert all text to curves / paths

All artwork must be created in CMYK and ALL PANTONE COLOURS must be included as a PANTONE SOLID COATED SPOT within the print file supplied. Please note failing this will result in no colour matching taking place. Please also note due to the limited colour gamut of various digital CMYK Print methods not all Pantone colours can be achieved, we endeavour to match as close as possible and colour variation will take place on different materials like PVC versus Fabric. Florescent and Metallic Pantones cannot be matched. Only a tonal representation thereof can be achieved.

### Branding Options:

#### Position A
