Mercury Custom Covid-19 Banner Wall

A

CORONAVIRUS COVID-19

Prevent the spread

As with any infectious illness, the best way to prevent it is to practice proper hygiene.

- Keep the workplace clean and hygienic.
- Promote regular and thorough hand washing.
- Wear a face mask.

Symptoms

- Sore Throat
- High Fever
- Dry Cough
- Shortness of Breath
- Shaking
- Chills
- Headaches

If you experience any symptoms, isolate yourself and contact your physician.

COVID-19 Hotline: 0800 029 999 or Whatsapp 'Hi' to 060 012 3456

Need to know:

- 1-Position, full colour logo and details
- Acceptable file types for logo: Jpeg (.jpeg - minimum 300dpi), PDF (.pdf)
- Convert all text to curves / paths

All artwork must be created in CMYK and ALL PANTONE COLOURS must be included as a PANTONE SOLID COATED SPOT within the print file supplied. Please note failing this will result in no colour matching taking place. Please also note due to the limited colour gamut of various digital CMYK Print methods not all Pantone colours can be achieved, we endeavour to match as close as possible and colour variation will take place on different materials like PVC versus Fabric. Florescent and Metallic Pantones cannot be matched. Only a tonal representation thereof can be achieved.
