All artwork must be created in CMYK and ALL PANTONE COLOURS must be included as a PANTONE SOLID COATED SPOT within the print file supplied. Please also note due to the limited colour gamut of various digital CMYK Print methods not all Pantone colours can be achieved, we endeavour to match as close as possible and colour variation will take place on different materials like PVC versus Fabric. Florescent and Metallic Pantones cannot be matched. Only a tonal representation thereof can be achieved.
