Running forward

Introducing the new Pantum Mono A4 Efficient Pro Series—efficient, durable, reliable and energy-saving.

Perfect for SOHO, SMBs, and enterprises, these devices offer top-tier print quality and efficiency, streamlining your daily printing tasks with ease and sophistication. Experience the perfect blend of style and performance with Pantum's latest addition.

Highly efficient,
Reassuringly secure

Built to last,
print with confidence

Quick printing at your
fingertips

Toward a sustainable
future

HIGHLY EFFICIENT, REASSURINGLY SECURE

Automatic duplex printing, copying and scanning

Support auto 2-sided printing and equipped with 50-page ADF which can achieve one pass and two sided copying and scanning, greatly save time and improve efficiency.

* DADF only supported by BM4300 series.

Efficient 10s Wi-Fi direct

Connect to the printer's hotspot and print without needing internet access.

Direct print from or scan to USB flash drive

You can directly print the documents stored on a USB flash drive or scanned data can be directly stored on a USB flash drive without using a PC.

*BM4300 series only.

Efficient automatic discharge jammed paper

No need to manually clear paper jams, reducing the user's operating difficulties and bringing a stable and smooth printing experience.

Built-in sensors quickly detect jams and initiate a removal process, automatically reprinting the affected page once cleared.

*Note: This feature is applicable only for specific paper jam situations.

Secure printing

Protect your print jobs with a 4 digit release code required at the device to avoid information leakage.

BUILT TO LAST, PRINT WITH CONFIDENCE

Low paper jam rates design

The newly upgraded mechanical structure minimizes wear on the fuser, enhancing stability and ensuring an ultra-low paper jam rate.

Durable on variety of media type

Handle diverse printing needs effortlessly, suitable for printing on various types of paper including transparency, labels, creased paper, curled paper, and more, guaranteeing precision printing every time.

Sophisticated & durable design

Boast a contemporary aesthetic, blending clean lines with a robust build for a brand-new look.

Crafted from premium materials, its surface resists fingerprints and scratches, preserving a pristine finish that stands the test of time.

Extra high capacity toner cartridge

Maximize value with toner cartridges lasting 3,000 to 11,000 pages and a drum unit enduring for 25,000 pages, offering consistent quality and reduced maintenance intervals.

QUICK PRINTING AT YOUR FINGERTIPS

Intuitive control panel

Equipped with 3.5-inch touch screen and 2-line LCD screen, you can easily access frequently used functions from the panel.

One-step driver installation

No need complicated instructions, only one click to install the printer driver and you can enjoy your printing.

Print on the go with mobile solutions

Compatible with AirPrint, Mopria, and the Pantum APP, it offers hassle-free printing from smartphones and tablets.

* Network models: router connection required.

* AirPrint and Mopria are only available on network and Wi-Fi models.

Highly compatible Flatbed design

The flatbed is not only suitable for thin paper, but can also easily handle with the needs of books or thick paper, ensuring clear and efficient results at one click.

TOWARD A SUSTAINABLE FUTURE

Automatic 2-sided Printing

You can easily set all print jobs to print on both side with automatic 2-sided printing, cutting down on your costs and paper waste by up to 50%.

Energy star certified

The Efficient Pro Series is ENERGY STAR certified, promoting green development by reducing energy consumption and environmental pollution.

Auto shutdown

The intelligent auto-off feature activates during idle periods, minimizing energy waste, protecting the printer from wear, and ensuring it is immediately ready for use.
