

DENON®

LIVING LEGENDS

Portfolio 2020/21

Integrated Network A/V-Receivers

AVR-X250BT

5.1CH AV SURROUND RECEIVER WITH BLUETOOTH®

Representing the perfect combination of high performance and high value, the Denon AVR-X250BT delivers superb sonic fidelity along with a host of advanced features including full 4K compatibility, HDR (High Dynamic Range), and ARC (Audio Return Channel) for the complete home cinema experience.

5.1 channel AV Receiver with 130W per channel // 4K/60 Hz full-rate pass-through, HDR, ARC and HDMI CEC // 5 HDMI inputs with full HDCP 2.2 support (on 3 inputs) // Bluetooth Music Streaming // Dolby TrueHD and DTS-HD Master Audio // Setup Assistant // Intelligent ECO mode

AVR-X550BT

5.2 CH. 4K ULTRA HD AV RECEIVER WITH BLUETOOTH®

At 130W of power per channel, the 5.2 channel Denon AVR-X550BT AV receiver delivers quality home theater at an affordable price. Enjoy movies and shows with Full 4k Ultra HD and Dolby Vision, and five HDMI inputs to support your media players. Plus, the AVR-X550BT supports Bluetooth for seamless music streaming.

5.2 channel AV receiver with 130W-power per channel // 5 HDMI inputs / 1 out; 4K/60 Hz with full-rate pass-through, HDCP 2.2 support // 4:4:4 color resolution, HDR, Dolby Vision compatibility and Hybrid Log-Gamma (HLG) // ARC and HDMI-CEC support; standby HDMI pass-through // Bluetooth compatible // Award-winning Denon guided setup assistant and graphical user interface // Dolby TrueHD and DTS-HD // Front panel USB input // Auto speaker calibration by microphone // Intelligent ECO Mode

AVR-X1600H

7.2CH AV RECEIVER WITH VOICE CONTROL

Watch your favourite movies and shows with stunning clarity thanks to full 4K video, Dolby Vision™, HDR, HLG and HDCP 2.3 support on all six HDMI ports of the AVR-X1600H. The 7.2 CH AVR supports 3D audio formats Dolby Atmos®, Dolby Height Virtualization, DTS:X™ and DTS Virtual:X®. Stream Spotify®, Deezer, Tidal and more with HEOS Network solution built-in. Controlling your AVR has never been easier with voice compatibility and the AVR Remote app.

High-performance 7.2 channel AV receiver with 145 W power per channel // Supports Dolby Atmos, Dolby Height Virtualization, DTS:X and DTS Virtual:X // Amazon Alexa, Google Assistant and Siri (Works with Apple AirPlay) Voice control compatibility // 6 HDMI inputs; 4K/60 Hz with full-rate, 1 HDMI output supporting eARC // 4:4:4 colour resolution, HDR10 and BT.2020, plus Dolby Vision compatibility and HLG // Award-winning Denon guided setup assistant and graphical user interface // Audyssey MultEQ XT, Dynamic Volume and Dynamic EQ // Stream the most popular music services – Spotify, Tunes, Deezer and more // Built-in HEOS wireless multi-room audio technology // Audio playback of lossless files WAV, FLAC, ALAC and DSD (2.8/5.6MHz) files

AVR-X2700H

7.2ch 8K AV Receiver with 3D Audio, HEOS Built-in and Voice Control

This 7.2ch 8K AV Receiver with 150W per channel fully supports Dolby Atmos, DTS:X, as well as the latest HDMI specifications such as 8K/60Hz, 4K/120Hz pass-through, HDR10+, Dynamic HDR, ALLM and more.

Upgrade your home theatre with the Denon AVR-X2700H. With 150W per channel, this performance-tuned Denon AV receiver provides a truly immersive 3D audio experience through Dolby Atmos or DTS:X. Even if you don't have dedicated ceiling speakers, Dolby Atmos Height Virtualization Technology and DTS Virtual:X will upgrade your movie nights like never before. The AVR-X2700H supports the latest HDMI video technologies such as 8K/60Hz and 4K/120Hz pass-through, Dolby Vision, HDR10, HDR10+, Dynamic HDR, HLG, as well as 8K upscaling and HDCP 2.3 support on all HDMI inputs (6 in/2 out).

Stream popular music services like Spotify, TuneIn Internet Radio, Amazon Music HD, TIDAL and more wirelessly via Bluetooth, Apple AirPlay 2 and Wi-Fi with HEOS Built-in. Enjoy your MP3 collection and even Hi-Res audio formats (WAV, FLAC, ALAC and DSD 2.8/5.6 MHz files) via USB or Network. The Denon AVR-X2700H works with Amazon Alexa, Google Assistant and Apple Siri for effortless voice control.

DENON®

POWERFUL 13.2 CHANNEL HOME THEATRE EXPERIENCE

The AVC-X8500H ushers in a leading-edge home theatre experience with 13 channels of built-in amplification to enable premium 3D surround sound up to 7.2.6 without external amplification and supports latest 4K Ultra HD picture standards.

The Denon X-Series.

www.denon.co.za

AVR-X3700H

9.2ch 8K AV Amplifier with 3D Audio, HEOS Built-in and Voice Control

This 9.2 channel 8K AV Amplifier with 180W per channel fully supports Dolby Atmos, Dolby Atmos Height Virtualization Technology, DTS:X, DTS Virtual:X and IMAX Enhanced, as well as the latest HDMI specifications such as 8K/60Hz, 4K/120Hz pass-through, VRR, ALLM, Dynamic HDR, HDR10+ and eARC support.

9.2 channel AV receiver with 1Immerse yourself in high-power home theatre entertainment. With 180W per channel the Denon AVC-X3700H delivers a truly immersive 3D audio experience through Dolby Atmos, DTS:X, and IMAX Enhanced. The discretely built 9 channel amplifier section features two heat sinks and a strong power supply to deliver the renowned powerful, dynamic and precise Denon sound. The AVC-X3700H supports the latest HDMI video technologies such as 8K/60Hz and 4K/120Hz pass-through, Dolby Vision, HDR10, HDR10+, Dynamic HDR, HLG, as well as 8K upscaling and HDCP 2.3 support on all HDMI inputs (7 in/3 out).

Stream popular music services like Spotify, TuneIn Internet Radio, Amazon Music HD, TIDAL and more wirelessly via Bluetooth, Apple AirPlay 2 and Wi-Fi with HEOS Built-in. Enjoy your MP3 collection and even Hi-Res audio formats (WAV, FLAC, ALAC and DSD 2.8/5.6 MHz files) via USB or Network. The Denon AVC-X3700H works with Amazon Alexa, Google Assistant and Apple Siri for effortless voice control.

By visually guiding you through each step in the setup process, the award-winning Denon Setup Assistant ensures you get set up right the first time. Every home theatre is different — that's why Denon uses the premium Audyssey MultEQ XT32 room calibration technology from Audyssey that automatically measures and optimizes your AV amplifier to provide a truly immersive 3D audio experience custom-tailored to your unique listening environment. 80W power per channel.

AVR-X4700H

9.2ch 8K AV Amplifier with 3D Audio, HEOS Built-in and Voice Control

This 9.2 channel 8K AV Amplifier with 200W per channel fully supports 3D audio formats like Dolby Atmos, DTS:X, IMAX Enhanced and Auro-3D. Comes equipped with the latest in HDMI specifications such as 8K/60Hz and 4K/120Hz pass-through, VRR, ALLM, Dynamic HDR, HDR10+ and eARC support.

9.2 channel AV Receiver with 200W per channel; 11ch processDiscover a new world of home entertainment with the new Denon AVC-X4700H. Nine discrete, identical amplifiers rated at 200W each, and 11.2 channel processing capability with two ADI Griffing Lite DSPs will let your home cinema shine in breathtaking Dolby Atmos, DTS:X, IMAX Enhanced and Auro-3D immersive surround sound. The AVC-X4700H supports the latest HDMI video technologies such as 8K/60Hz and 4K/120Hz pass-through, Dolby Vision, HDR10, HDR10+, Dynamic HDR, HLG, as well as 8K upscaling and HDCP 2.3 support on all HDMI inputs (8 in/3 out).

Stream popular music services like Spotify, TuneIn Internet Radio, Amazon Music HD, TIDAL and more wirelessly via Bluetooth, Apple AirPlay 2 and Wi-Fi with HEOS Built-in. Enjoy your MP3 collection and even Hi-Res audio formats (WAV, FLAC, ALAC and DSD 2.8/5.6 MHz files) via USB or Network. The Denon AVC-X4700H works with Amazon Alexa, Google Assistant and Apple Siri for effortless voice control.

AVC-X6700H

11.2CH 8K AV AMPLIFIER WITH 3D AUDIO, HEOS BUILT-IN AND VOICE CONTROL

This premium 11.2 channel 8K AV Amplifier with 205W per channel fully supports Dolby Atmos, DTS:X, DTS:X Pro, IMAX Enhanced and Auro-3D. The AVC-X6700H also supports the latest HDMI specifications such as 8K/60Hz and 4K/120Hz pass-through, VRR, ALLM, Dynamic HDR, HDR10+ and eARC support.

Challenge the status quo. The AVC-X6700H features a monolithic power amplifier design with Denon custom made transistors and identical circuit topology on all 11 channels, each rated at 205W. This ultimate build-quality guarantees best-in-class sound quality with minimum interferences, astonishing clarity, power, detail, and depth. The two ADI Griffin Lite DSPs support the most advanced 3D audio suite with up to 13.2ch processing of Dolby Atmos, DTS:X, DTS:X Pro, IMAX Enhanced and Auro-3D. The AVC-X6700H supports the latest HDMI video technologies such as 8K/60Hz and 4K/120Hz pass-through, Dolby Vision, HDR10, HDR10+, Dynamic HDR, HLG, as well as 8K upscaling and HDCP 2.3 support on all HDMI inputs (8 in/3 out).

Stream popular music services like Spotify, TuneIn Internet Radio, Amazon Music HD, TIDAL and more wirelessly via Bluetooth, Apple AirPlay 2 and Wi-Fi with HEOS Built-in. Play MP3 and even Hi-Res audio formats (WAV, FLAC, ALAC and DSD 2.8/5.6 MHz files) via USB or Network. The Denon AVC-X6700H works with Amazon Alexa, Google Assistant and Apple Siri for effortless voice control.

By visually guiding you through each step in the setup process, the award-winning Denon Setup Assistant ensures you get set up right the first time. Every home theatre is different — that's why Denon uses the premium Audyssey MultEQ XT32 room calibration technology from Audyssey that automatically measures and optimizes your AV amplifier to provide a truly immersive 3D audio experience custom-tailored to your unique listening environment.

AVC-X8500H

THE WORLD'S FIRST 13.2 CHANNEL AV AMPLIFIER

The Denon Flagship AVC-X8500H powers the next generation of home theater with the world's first 13.2 channel AV Amplifier that supports the latest immersive audio formats, including Dolby Atmos, DTS:X and Auro-3D. Built-in HEOS technology supports Amazon Alexa* and takes music listening to the next level with wireless whole-home audio. *The Amazon Alexa feature becomes available in Spring 2018. Availability varies by country

13.2 channel AV Amplifier with 210W per channel // 210 watts per channel (6 ohms, 1 kHz, THD 1%, 1ch driven) // Monolithic amplifier design with Denon custom-made transistors // Supports Dolby Atmos (up to 7.1.6 or 9.1.4), DTS:X and Auro-3D (up to 13.1) // 8x High-performance 192kHz/32bit stereo D/A converters for 13.2 channels // Audyssey MultEQ XT32, LFC, Sub EQ HT, Dynamic Volume and DynamicEQ // 4K/60 Hz, 4:4:4 colour resolution, HDR, BT.2020, Dolby Vision and HLG // 8 HDMI inputs (including 1 front) with full HDCP 2.2 support and 3 HDMI outputs // HEOS wireless music streaming technology and the HEOS app // AirPlay, Bluetooth, Internet Radio, Spotify Connect, Tidal, Deezer, Network Audio Streaming // High resolution DSD (2.8/5.6MHz), FLAC, ALAC and WAV support // Advanced multi-room options; 15.2ch pre-out; RS232 control

Soundbars

DHT-S316

HOME THEATER SOUND BAR WITH WIRELESS SUBWOOFER

With Dolby Digital and DTS decoding, the Denon DHT-S316 sound bar with wireless subwoofer powers dynamic theater-quality audio in a minimal, low-profile design. Quickly connect your TV through the HDMI (with Audio Return Channel) or Optical Input.

Two-way sound bar with wireless subwoofer // HDMI with Audio Return Channel // Low-profile design and wall-mountable // Bluetooth built-in // Dolby Digital and DTS Decoding // Denon Dialogue Enhancer // Optical digital audio input // HDMI cable included // AUX input (3.5mm) // Engineered with a more than 100-year Denon legacy in audio excellence

Soundbars // DHT-S216 // DHT-S516H // DHT-S716H

DHT-S216

SOUNDBAR WITH DTS VIRTUAL:X AND BLUETOOTH®

As you would expect from the market leader in AV receivers, Denon transforms any TV into a home entertainment centre with the DHT-S216. The low-profile, wall-mountable soundbar features Dolby Digital Decoding and DTS Virtual:X 3D audio technology to create a powerful home theatre surround sound experience. Fully compatible with today's HD and 4K TV's, the built-in 4K UHD HDMI (1 in / 1 out with ARC) delivers clear images and amazing sound quality. Quickly connect your TV, Blu-ray or other devices through the HDMI (with Audio Return Channel) and Optical inputs, or easily stream your favourite music via Bluetooth. With two built-in down-firing subwoofers powering dynamic theatre-quality audio in a minimal, low-profile design, you won't have the need for a separate subwoofer.

Upgrade to 3D sound // All-in-one soundbar // 4K UHD HDMI with Audio Return Channel // Low-profile design and wall-mountable // Wireless music streaming via Bluetooth // Denon Dialogue Enhancer // Optical digital audio and HDMI 4K UHD inputs // 4K HDMI and Optical cable included // Amazing audio built on 110 years on innovation

DHT-S516H

SOUNDBAR WITH WIRELESS SUBWOOFER AND HEOS BUILT-IN

Add outstanding dimension, clarity and power to your favourite movies, music and video games with the Denon DHT-S516H soundbar and wireless subwoofer with HEOS Built-in. The Denon DHT-S516H features bi-amplified mid-woofers and tweeters with advanced DSP processing, Hi-Res audio playback support, plus a powerful wire-less subwoofer. Enjoy single-wire connection to your TV with included HDMI input and output with Audio Return Channel (ARC). Dolby Digital, Dolby Digital Plus and DTS decoding for immersive sound. Stream your favourite music services wirelessly with HEOS Built-in, AirPlay 2 and Bluetooth®. Hands-free convenience thanks to Amazon Alexa voice control support. All cables are included for simplified setup.

Immersive audio // Wireless subwoofer // Home theatre sound // Advanced DSP processing // HDMI in/out with Audio Return Channel (ARC) support // Expansive driver array // Enjoy your music when you want it // Voice control

DHT-S716H

PREMIUM SOUNDBAR WITH HEOS BUILT-IN

From the AV receiver market leader in home theatre, the Denon DHT-S716H premium soundbar delivers a true cinema experience from just one device. This single compact sound bar fits directly under your TV and lets you enjoy superior audio with high resolution Dolby TrueHD/DTS-HD Master Audio surround sound decoding. Stream music from online services like Spotify (free and Premium), Amazon Music, TIDAL, TuneIn Internet Radio and more with HEOS Built-in or Bluetooth®. Four 4K UHD HDMI inputs easily connect with your TV and media devices for better picture quality and unequalled Denon sound. Cables included for an immediate out-of-box experience.

Exceptional Denon sound design // Elevated home theatre audio // Optional wireless 5.1 expansion // HDMI and 4K Ultra HD compatibility // Works with Amazon Alexa // Bluetooth streaming // Stream your favourite music // Voice control // Supports all popular audio formats

DSW-1H

WIRELESS SUBWOOFER FOR DENON DHT-S716H SOUNDBAR

The Denon DSW-1H wireless subwoofer connects via Wi-Fi to the Denon DHT-S716H soundbar to add deep, powerful bass you can feel and hear. Dual custom 5.25" drivers are fed by sophisticated high-power Class-D amplification while proprietary DSP algorithms give you optimized low frequency response across the entire dynamic range. Place it anywhere in the room, horizontally or vertically, then simply plug-in to wall power and play. With quick setup, improving your entertainment experience with clear, thunderous bass has never been easier.

Deep bass subwoofer // Custom drivers for better sound // Wireless surround sound // Easy setup // Advanced in-app control // Subwoofer dimensions

Hi-Fi Components

DCD-2500NE

REFERENCE CD/SUPER AUDIO CD PLAYER

The 2500NE series, designed for today's age, has been developed by both veteran engineers and talented young engineers who have inherited the Denon technologies and expertise that have been cultivated over many years and decades. The DCD-2500NE focuses on achieving the essence of a disc player: ultra-high precision in reading discs and supplying high-quality audio signals to the amp.

Advanced AL32 Processing + Ultra Precision 192kHz/32bit D/A Converter // DAC Master Clock Circuit Design to suppress jitter and noise. // Direct Mechanical Ground Construction to minimize unwanted vibration // Carefully designed construction, minimum signal paths and selected Hi-Fi parts to preserve audio signal purity // Original drive mechanism, the heart of Denon's digital disc playback technology, with Advanced S.V.H. loader // Playback of CD, Super Audio CD, DSD (2.8 MHz / 5.6 MHz) files and PCM files up to 192 kHz / 24 bits recorded on DVD R/RW // Twin Transformer for separated digital and analogue power supply // Pure Direct Mode // Digital optical, digital coaxial and analogue output

DCD-1600NE

SUPER AUDIO CD PLAYER

Denon is one of the rare audio brands that continued to actively develop Hi-Fi components and accumulate, refine, and pass down Hi-Fi audio technologies. The DCD-1600NE focuses on achieving the essence of a disc player: ultra-high precision in reading discs and supplying high-quality audio signals to the amp. To achieve this, the signal paths are as short as possible and the whole circuitry is minimized.

Advanced AL32 Processing and Ultra Precision 192kHz/32bit D/A Converter // DAC Master Clock Circuit Design // Direct Mechanical Ground Construction // Carefully designed construction, minimum signal paths and selected Hi-Fi parts // Denon original drive mechanism with S.V.H. loader // Playback of CD and Super Audio CD; DSD (2.8 MHz / 5.6 MHz) files and PCM files up to 192 kHz / 24 bits recorded on DVD R/RW // Separated digital and analogue power supply // Pure Direct Mode // Available in Premium Silver and Black

PMA-600NE

INTEGRATED AMPLIFIER WITH 70W PER CHANNEL AND BLUETOOTH®

Designed for the aspiring music enthusiast, the Denon PMA-600NE is the superior choice for those who want to build their first 2-channel HiFi system. Powered by the Denon Advanced High Current (AHC) single-push-pull circuit power amplifier, the PMA-600NE integrated amplifier delivers 70 Watts (4ohm, 1kHz, THD: 0.7%) of power per channel. Easily connect both analogue and digital sources including your turntable to the built-in phono pre-amp. Listen to your favourite high-resolution audio content with the 192kHz/24bit D/A converter or connect via Bluetooth to stream nearly unlimited songs. The PMA-600NE provides exceptional sound quality that balances high power with delicate, musical details.

70 Watts per channel power output (4ohm, 1kHz, THD: 0.7%) // Advanced High Current (AHC) single-push-pull circuit power amplifier // Bluetooth support // Includes two digital Optical inputs for your TV or digital device // Built-in 192kHz/24bit D/A converter // Micro-processor with Stop Mode benefit // Analogue Mode for pure audio reproduction // High performance MM phono equalizer amp // Aluminium panel design, befitting the elegance of an audio component // Available in black and premium silver

D-M41

HiFi System with CD, Bluetooth and FM Tuner

Building on the multi-award winning D-M40, the new D-M41 features improved sound, style and facilities. The newly-developed discrete analogue amplifier circuit reduces signal paths for greater clarity and impact, while the new Bluetooth implementation combines convenience with an off switch to reduce its influence on the sound of other sources when not in use. Meanwhile the new cosmetic design echoes that of Denon's flagship 'NE' separates. The RCD-M41 centre unit also has two digital optical inputs to hook up a TV, set-top box or other digital gear that deserves improved audio quality, and has built-in CD plus FM radio, while the new SC-M41 speakers are European Sound Tuned to complement the CD receiver's performance.

Compact size Hi-Fi quality CD receiver // 2 x 30W output, plus pre-out socket for an active subwoofer // New discrete analogue circuitry // Simple & straight circuit design and Triple Noise Reduction Design (T.N.R.D.) // Bluetooth built-in // Bluetooth OFF mode for highest sound performance // CD, FM/DAB/DAB+ and two optical digital inputs // 2 Line FL Display // New industrial design derived from flagship NE series separates // SC-M41 European Sound Tuned Speaker System

REAL HIFI FOR TODAY'S LIFESTYLES.

The PMA-150H Integrated Network Amplifier

The Denon PMA-150H integrated network amplifier lets you enjoy crisp, powerful, digitally amplified sound to your favorite loudspeakers or headphones with detailed musical accuracy — all from one compact chassis. It combines Hi-Fi performance with Wi-Fi connectivity, and features next-generation Direct Digital Feedback Amplification (DDFA), making the PMA-150H a fully digital processing amplifier. At 70W (4 Ohms) per channel, the PMA-150H supplies plenty of power to drive your speakers for optimal sound. It's Hi-Res audio compatible and features digital inputs, USB-DAC and voice control capabilities via Amazon Alexa or Google Assistant. And with HEOS Built-in, you can enjoy online music streaming from services like Spotify, Pandora, TIDAL and more.

The PMA-30 Digital Integrated Stereo Amplifier

Enjoy superior audio fidelity from a compact, stylish design. The Denon PMA-30 replaces your standard component amplifier and offers modern connectivity. Enjoy listening to your favourite music from your portable device via wireless Bluetooth connectivity. For optimum wireless audio fidelity the PMA-30 features Qualcomm apt-X Low Latency decoding that delivers CD-quality sound. There are multiple digital inputs for compatibility with digital audio sources like a set-top-box or TV, along with an analog stereo input for legacy analog sources. The PMA-30 is rated at 40 watts per channel into 4 ohms, for compatibility with the widest range of speaker types. The deluxe styling is sized to fit just about anywhere, and it can be positioned horizontally as well as vertically. Add the DCD-50 matching CD Player, and you have the perfect stereo system for your modern living room. .

The PMA-60 Digital Integrated Stereo Amplifier

The PMA-60 amplifier delivers true Denon sound, with outstanding performance despite its compact size. And it does so using Denon technology developed over many years, such as the Advanced AL32 audio processing it uses to turn digital data into beautiful music. With analogue and digital connectivity as well as Bluetooth®, audio streaming from your computer or a portable device is a piece of cake. And if you're keen on high-resolution audio, this amp will be your perfect choice because of its USB-B input. Its 50W per channel output makes it suitable for a wide range of speaker types. Its compact design allows it to fit in limited spaces and you can even place the PMA-60 vertically – the orientation of the OLED display will adjust accordingly.

The DCD-50 CD-Player, the perfect companion.

You might not see it at first glance, but his striking beauty is also crammed with nifty features. The DCD-50's slot-in high quality disc drive handles CD audio as well as MP3 / WMA discs and data CDs. The supplied remote control features an ergonomically designed layout and just fits in the palm of your hand. On top the DCD-50 incorporates a high resolution D/A conversion block with 32-bit/192-kHz that delivers wide dynamic range, along with extremely low noise and distortion from its analogue output. So no worries, listen yourself happy! Certainly you can control both DCD-50 and PMA-50 with one single remote. You like to dim the display a little? Adjust it via the remote. It's all at your fingertips.

The DRA-100, the classy network receiver.

Never before streaming looked as good as with the DRA-100. With its tremendous 70W amplifier section it boasts superior audio fidelity. The powerful amplification and the premium grade multi-way speaker connectors let you drive even demanding speakers to new heights. With Bluetooth®, built-in AirPlay, Internet Radio, Network Audio streaming and Spotify Connect the DRA-100 is set up to be the centre of your musical future. Famous Denon Advanced AL32 Processing cares for remarkable dynamic range and noticeably better resolution from all those digital sources. Pure high-class entertainment.

The DCD-100 High Quality CD Player

The DCD-100's delivers a wide dynamic range, brought to the outputs via precision tuned low-noise, low distortion circuitry. And it does all this not just with your favourite CDs, but also with MP3/WMA tracks stored on data CDs. However you like your music, the DCD-100 is ready to deliver. With just one handset, you can control both, the DCD-100 and best matching Network Receiver DRA-100 for seamless operation, whether it's playing your discs or dimming the display a little to match your mood. That's what we call a smart design. A perfect stereo system for your modern living room.

Featuring the same high quality styling and finish, the DCD-100 is the perfect partner for the DRA-100 Network Receiver. Simply connect both products via a digital cable, and you will enjoy superb audio fidelity

If you're looking for a clear and neat design paired with brilliant audiophile sound, the top-notch Denon Design Series would be your choice.
