Easily attaches to any notebook computer equipped with any security lock slot. It has three interchangeable heads to legacy (T-lock), compact (nano) and wedge shaped lock slots.

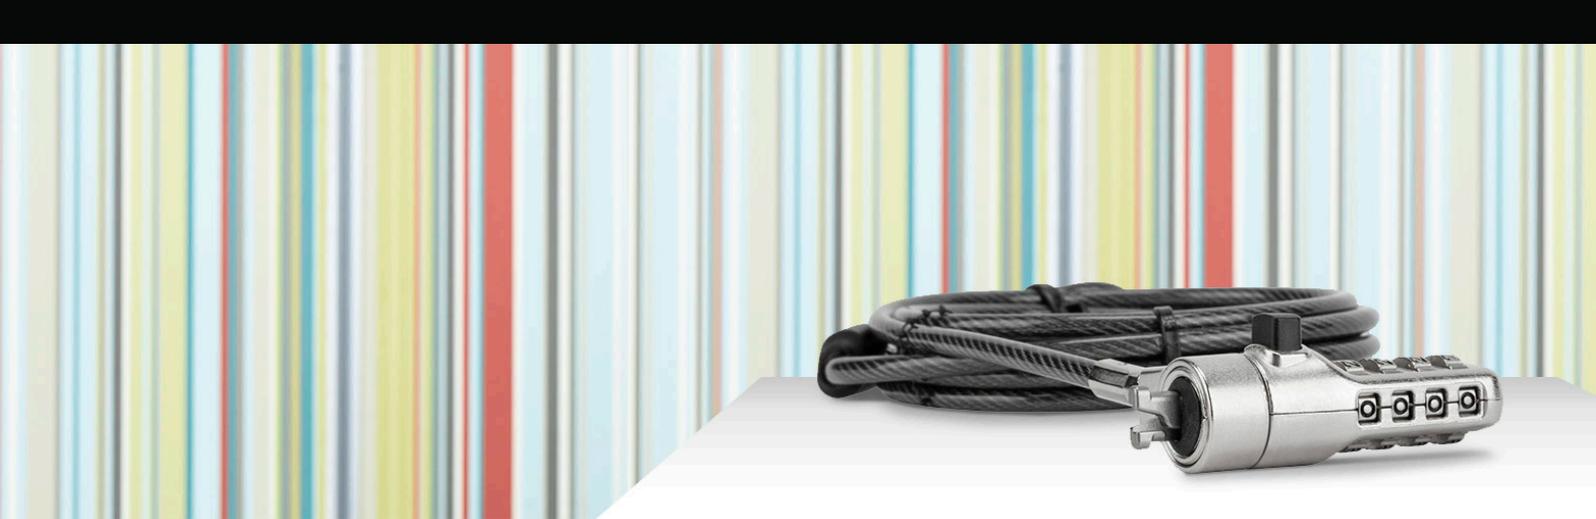

SETTING YOUR OWN COMBINATION

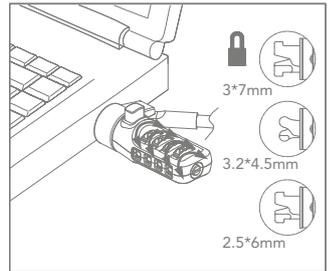

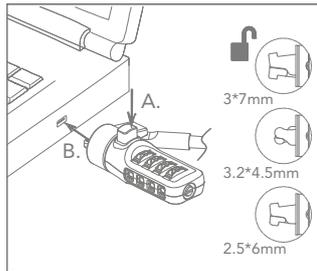

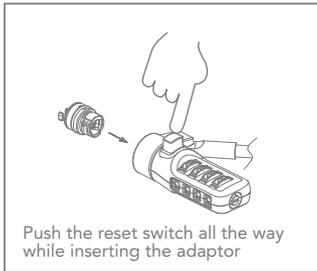

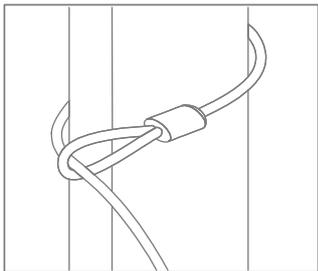

- Turn the number dial to factory preset combination 0-0-0-0.
- Rotate the Reset Switch 90° Clockwise with a small flathead screw driver.
- Turn the Number Dial to set your own desired combination
- Rotate the Reset Switch 90° counter Clockwise back to its original position.
- Your lock is now set to open with the new combination.

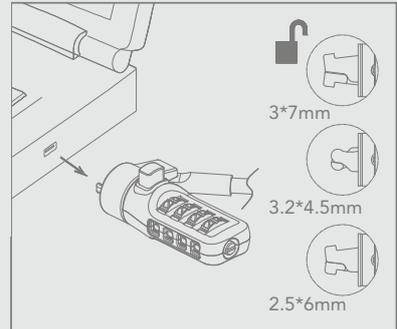

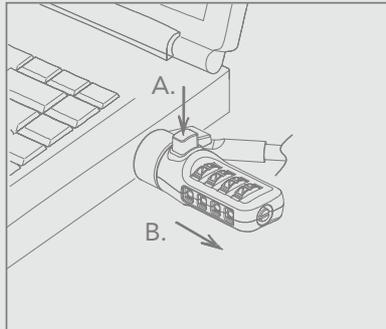

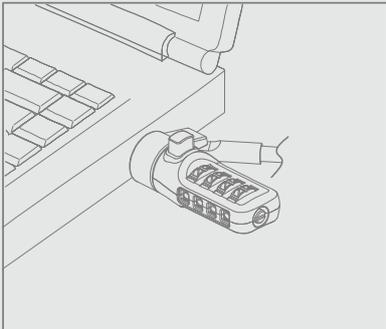

Keep your combination in a safe and accessible place for future reference.
