# BACK2SCHOOL

## WALTONS - MEETING ALL YOUR SCHOLASTIC AND ADMINISTRATIVE NEEDS

Waltons is a one-stop shop for all your education requirements. We offer an all-encompassing office and scholastic supply of the highest quality products to a number of schools and higher education facilities. It does not matter whether you want to equip your child for the academic year, or whether you are equipping your school, teachers or staff – we have what you need.

Our comprehensive range of stock includes stationery, computers, printers, supplies and filing, as well as furniture and a range of catering & hygiene products. Such a wide spectrum of offerings allows us to give YOU, the customer, what you want. We also help schools and higher education facilities cater for bulk stationery needs, supplying anything from stationery or whiteboards to notebooks and art supplies.

Our wide range of stock is available from our back to school departments, or from over 76 branches located across South Africa.

Waltons' experienced sales staff are available to visit your educational facility throughout the year, and can assist with pricing on listed lines as well as your school's unique requirements. At the end or beginning of each year, when many schools

need to order bulk quantities of exercise books, art supplies and scholars' stationery, Waltons provides a complete solution, allowing schools to place a single bulk order for all their supplies.

## KEEPING IT SIMPLE WITH WALTONS BACK2SCHOOL PRE-PACKED ORDERS

Our Back2School solution provides students, parents, teachers and administrators at participating schools with a simple and efficient ordering system for all their stationery requirements. The solution makes ordering stationery quick and easy thanks to our Back2School catalogue, which is compiled annually based on years of experience and feedback from teachers from across the country. The catalogue comes with order forms, allowing students and teachers to select their individual stationery requirements and utilise one of our convenient payment options.

Teachers and administrators are also able to tailor-make their classes' requirement lists so that they tie in with the Waltons catalogue products.

## WALTONS - GIVING BACK TO SCHOOLS

Waltons contributes a percentage of the sales generated through the Back2School orders to the participating school. This is Waltons' way of thanking the school for communicating with parents, and collecting and distributing the orders.

As a MySchool partner, Waltons also contributes a percentage of sales towards your selected school or charitable organisation. Thanks to the wonderful support of parents and schools alike, Waltons is also able to sponsor various community upliftment programmes, and help sustain valuable educational programmes.

## ORDER ONLINE AT [WWW.WALTONS.CO.ZA](http://WWW.WALTONS.CO.ZA)

For parents, teachers, administrators and the general public who have not yet joined the Back2School programme, or for a more convenient option of buying stationery, the Waltons website lets you order and pay via credit card and debit card. The full range of Back2School catalogue products is available, and you can choose to collect your order at your choice of Waltons retail store or have it delivered for a nominal charge.

Waltons has over 60 retail stores conveniently located throughout SA, offering both cash and account purchasing options, not only for the Back2School catalogue ranges, but also everything else you may need for your classroom, home office or for your own private use.
