

BS 18-A COMPACT BATTERY-OPERATED DRIVER DRILL

Properties:

Ease of handling:	●●●○
Endurance:	●●●●
Power:	●●○○

Lightweight, powerful lithium ion battery-powered driver drill for all medium-heavy tightening and drilling tasks.

With two 18-volt batteries, charger and fully equipped bit box in case.

Art. No. 5700 500 2

In case, without charging unit and rechargeable batteries.

Art. No. 5700 500 01

Very compact and ergonomic design with low weight and belt clip.

For pleasant, low-fatigue working.

With 4.0 Ah lithium-ion battery packs

Long running time per battery charge. The practical battery charge indicator provides information at all times on the energy reserves still available.

Four-pole motor

Similar to 4-wheel drive, better distribution of force than with ordinary two-pole motor.

Overload protection

Prevents damage to motor and battery caused by overloading.

LED lamp on battery base

The working area is always well lit. No shadows are caused by chuck.

Compatible with current 18 V battery system

3-year guarantee

On manufacturing and material defects.

Technical Data		
Voltage	18 V	
Battery capacity	4.0 Ah	
Idling speed in 1st/2nd speed	0-500/1,700 rpm	
Max. torque (soft/hard screwing situation)	28/67 Nm	
Max. screw dia.	8 mm	
Max. drilling diameter in	Steel	13 mm
	Wood	35 mm
Chuck clamping range	1.5-13 mm	
Dimensions (Length x Height)	185 x 248 mm	
Weight incl. battery	1.8 kg	

Available in the fleet management system ORSY®fleet.
