

## ELECTRIC ROTARY HAMMER DRILL ERHD 28-MLS

Light hammer drill with outstanding impact strength of 3,2J for light drilling, hammering and chiselling in construction.

**ERHD 28-MLS**  
**Art. 5717 002 011**

- Ergonomic shape and low weight for sustainable working without causing fatigue.
- Reliable and robust with long lifetime due to high-quality components.
- Forward/reverse rotation for dislodging jammed drill bits.

Delivery scope		
Designation	Art.	P. Qty.
ERHD 28-MLS	5717 002 01x	1
Additional handle	5817 002 080	1
Plastic suitcase	-	1

Technical data	
Voltage	230 - 240 V
Input power	800 W
Impact power	3,2 J
Idling speed	0 - 1.250 min <sup>-1</sup>
Number of impacts	0 - 4.000 min <sup>-1</sup>
Max drill dia. in Steel	13 mm
Max drill dia. in Wood	30 mm
Max drill dia. in Concrete	28 mm
Drill mount	SDS plus
Protection class	II
Cable length	4 m
Weight	2,9 kg

3-mode selector switch

Right/left switchover
