

RUST REMOVER ROST OFF BLACK

Highly effective graphite-based rust remover, which can be used as rust remover, lubricant, corrosion protection, and cleaner.

- Loosens and lubricates seized up, corroded connections
- Forms a pressure-resistant lubricating film
- Resistant to temperatures from -30°C to 450°C (emergency running properties due to graphite)
- Excellent lubricating effect even in damp environments
- Protects treated metal surfaces from corrosion
- Moisture repellent, silicone-free, and does not resinify

Art. No.	0890 200 500
P. Qty.	1/12
Contents	500 ml

Application area

Passenger cars, lorries, agricultural and construction machinery, equipment, and so on

Instructions

Spray the parts to be treated and allow to take effect briefly. In case of stubborn connections, repeat process, and extend penetration time where necessary.

The usage instructions are recommendations based on the tests we have conducted and on our experience; carry out your own tests before each application. We do not assume any liability for a specific application result due to the large number of applications and storage/processing conditions. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately.
