Shelf life from production	24 Month	

Application area

Suitable for universal lubrication at high pressure loads, e.g. for chains, racks, joints, levers, bearings, sliding points, cables, open drives, and hinges.

Notice

If used in areas in which food is processed or stored, only the minimum quantity technically necessary may be used. When using as an anti-corrosive film for food contact surfaces, completely remove all lubricant before re-starting the device.

Instructions

Shake can well before use. Thoroughly clean the lubricating point and then apply where required.

Proof of Performance (Pub)

NSF H1-registered (no.: 140816), meets the requirements of H1, 1998.

Waterproof, synthetic adhesive lubricant with creeping properties

Can be used in areas in which food is processed or stored

NSF H1-registered. The product may come into contact with foodstuffs for technical reasons.

Excellent penetrating properties

- For lubrication in hard-to-reach places
- Penetrates the tightest gaps

Good adhesive properties

- Broad application range, e.g. on vertical lubrication points
- Centrifuge-resistant on turning and rotating parts

Provides lasting protection against corrosion and non-ferrous metal corrosion

Waterproof

Resin-free and acid-free

Silicone-free and AOX-free
