Vehicle cleaner active clean

Fields for application:

Cleaning foam especially developed for car interior.

Properties:

Efficient and gentle foam-cleaner for all surfaces of your car interior, for example car dashboards, seats, ceilings and so on. Suitable for all surfaces inner your car. The foams avoid long drying periods because the product do not sudden the whole cushion too much. Active clean has no influence on the predetermined breaking points of the airbag. In addition the cleaner leaves a fruity smell in your car. Because of the good cleaning performance the consumption is very low.

Application:

Spray active clean on a clean and dry cloth and wipe the area you want to clean with it. Especially the plastic areas can be treated after the cleaning process with cockpit care. Cushions and other textile areas should be affected by the foam for a short period. Impurities can be removed with a sponge or a scrubber. For removing a spot it is the best solution to work from the outward to the inward. The cushions have to be withdraw by suction.

TECHNICAL DATA SHEET

Technical data:

Content	500 mL
Package	Aerosol can
Chemical basis	Water, soap and glycols
Odor	fruity
Color	colorless
pH-value	7,7
Density	1.05 g/cm ³ at 20 °C
Bio-degradable	Yes
AOX-free	Yes
Silikone-free	Yes

Remarks:

Do not use on hot surfaces or in direct sunlight.
