Cabinets

Standard & Ventilated 600MM - 1000MM

Protect your valuable electronic equipment with our ventilated and standard outdoor cabinets.

VENTILATED

Vented doors on the standard IP55 cabinets draw air through washable filters via roof mounted fans and releases the hot air through the insulated roof, preventing your equipment from overheating.

Not only are these cabinets splashproof, the additional filters make them virtually dustproof. The cabinets come complete with 4 x 19" mounting rails & plinths. The cabinets are manufactured from 2mm steel prior to powder coating in our modern facility. Cabinets come complete with a 100mm high plinth and gland plates.

Fans and filters are included in the floor standing IP55 cabinets.

All our cabinets are locally manufactured.

38U - 1870mm

47U - 2270mm

4U - 20U, 450mm Fixed Frame 550mm & 650mm Swing Frame

Our range of 19" outdoor enclosures offer protection against weather & dust. The cabinets are manufactured from powder coated steel. The units comes in either ventilated or non-ventilated versions.

Fans are mounted on the bottom gland plate and have washable filters. Cable entry is via the bottom gland plate. The doors are sealed with reinforced continuous air cushioned rubber gaskets which are fitted onto a bent double lip gutter.

The manufacturing process incorporates sophisticated laser & CNC technologies prior to chemical cleaning and coating with a UV resistant coating.

SPECIFICATIONS

450mm Fixed Frame
4U, 6U, 9U, 12U, 15U, 20U

550mm and 650mm Swing Frame
4U, 6U, 9U, 12U, 15U, 20U

Cattex wallboxes are manufactured from 2mm steel prior to powder coating in our modern facility.

LITHIUM BATTERY ENCLOSURES

M3000 Series

M3000-2G 6.5U Lithium battery box

Mount 3 x 2U batteries or 2x 3U batteries.

M3000-4G 13U Lithium battery box

Mount 6 x 2U batteries or 4 x 3U batteries.

Mount system can be configured for 2U or 3U.

Modular design for stacking or wall mount.

Knockout holes placed for wiring convenience.

Knock down and easy to assemble.

Unit depth 500mm.

M5000 Series

M5000-2G 9U Lithium battery box

Mount 3 x batteries m48100,sp51.2-100 spec type.

M5000-4G 13U Lithium battery box

Mount 4 x batteries m48100,sp51.2-100 spec type.

Modular design for stacking or wall mount.

Knockout holes placed for wiring convenience.

Knock down and easy to assemble.

Unit depth 650mm.
