

WHAT IS THE NAME OF THE RANGE?

The Macallan Double Cask

WHY?

The Macallan Double Cask range celebrates the coming together of two styles to bring a unique character to the fore, underpinned by familiar Macallan flavours. The range has a prominent, unmistakable sweetness which is attributed to the higher proportion of American oak sherry seasoned casks used for maturation. Mastery of this union results in a perfect partnership of both sherry seasoned American and European oak casks that, combined, create a range with extraordinary tasting notes of toffee and fresh fruits.
